CLASS ONE – JULY 12, 2018

Creative Visualization Each of us longs for something that we desire, whether it is prosperity, health, peace of mind, relationships or something special to you. Learning the process of using creative visualization will enable you to successfully achieve that desire.

CLASS TWO – JULY 19, 2018

The Law of Attraction The Law of Attraction states: "I attract to myself *whatever I give my focus, attention, or energy to*, whether wanted or unwanted." The Law of Attraction uses the power of your mind to translate whatever is in your thoughts and materialize them into reality. In this class you will learn the steps to successfully use this Law of Attraction.

CLASS THREE – JULY 26, 2018

Combining Creative Visualization with the Law of Attraction Learn how to use the steps of both to manifest the things you have chosen to accomplish and discipline your mind to stay on track and know that the Universal Power is always with us to direct us to the good we desire.
