MONTHLY TREATMENT

Because I believe in God, I believe in all that God is. There is no other power in my consciousness. There is God and God alone. Since God is all in my belief system, I am automatically free of the voices of the world that say otherwise. Because I believe in God, there is nothing to refute or deny. I am free always to live and experience the good because my total attention is forever centered on the good.

The inner Presence of God receives my total recognition and attention as I now begin the adventure of today, the eternal *now*. I know that the power of good not only fills my own experience but is alive within the unfoldment of every person everywhere. I remain serene, positive and vital through each moment because I am true to the idea that God is all there is and that I am God’s means to live.

Dr. Tom Johnson

MEDITATION SONG

Oh What A Light! (Words and Music by Dennis Merritt Jones)

This is the moment; all the world comes together as one,
In the light—
Oh what a light!
So let your voices ring, in peace and joy we sing —
We see the light, for we *are* the light.

TREATMENT AT THE OFFERING

The One Life Divine is always operating in, through and as me. This Life is an expression of total love and givingness. This Perfect Love consecrates my gift as it goes forth to heal, to bless and to prosper all in my world. It is the evidence of my faith and conviction. It does its good and perfect work, and returns to me many times multiplied. And so it is.
